## EXPERIMENTS IN PHYSICS TEACHING AND LEARNING

**October 4, 14:00-15:30**

Physics demonstration methodology in secondary schools (demonstrations and experimental tasks from Latvian Physics Olympiads) *Dr. Phys. Paulis Paulins, University of Latvia*

**October 4, 16:00-17:30**

Demonstrations in spectroscopy, optics and radioactivity. *MSc Eero Uustalu, Tallinn University of Technology.*

**October 4, 18:00-20:00**

Experimental tasks in Estonian Physics Olympiads: mechanics, optics, black boxes in electricity. *MSc Eero Uustalu, Tallinn University of Technology.*

**October 5, 16:00-17:00**

What skills do we develop through practical laboratory work? *MPhys Ilva Cinite, Lasma Pukina-Slava, University of Latvia.*
